1 INTRODUCTION

Cementing her place in music history, Whitney Houston has become one of the greatest and most enduring female artists of all time.

2 BRIGHT STAR

Whitney soon developed into a precocious young talent. After a spell modelling her prowess as a singer was recognised. Signed to Arista Records, the only way for Whitney was up.

3 DEBUT QUEEN

Nobody could have quite predicted the success of Whitney's first album. An unprecedented string of number one singles gave her the first of many entries into the record books.

4 ONE MOMENT IN TIME

Whitney's third album exposed artistic frailties. It was time to finally move in to her \$15 million mansion and plan the next move.

5 GUARDING HER FAME

Whitney courageously moved into film and played the part of rock star turned actress Rachel Marron. 'The Bodyguard' made box-office history, could anything keep Whitney from the limelight.

6 TRUE LOVE

After continual speculation about Whitney's love life she announced her engagement to singer Bobby Brown. Baby Bobbi Kristina soon followed - Whitney's life was finally complete.

7 FRESH WHITNEY

1999 has seen Whitney bounce back onto the music scene and once again prove all her critics wrong. A new album, world tours, charity work... a woman's work is never done
